EXTRA COMFORT

FREQUENT SWIMMER

Waterfeel X-Life Eco provides ultimate sensitivity in the water. This is thanks to its high elasticity and superior softness. With Waterfeel X-Life Eco you are guaranteed maximum comfort, a precise fit and total freedom in the water. Waterfeel X-Life Eco is manufactured with Malaga rec by Carvico, a fully recycled fabric derived from the recovery of post consumer materials therefore with a low impact on the environment. Even though Waterfeel X-Life Eco is dedicated to training activities, thanks to its resistance to chlorine degradation, it is incredibly versatile, making it a perfect fabric for all water activities.
